

NIKHIL ARORA

UX/UI Designer

Gurgaon, Haryana | [LinkedIn](#) | www.nikhil-arora.in | nikhilmail2009@gmail.com | +91 8700533643

PROFESSIONAL SUMMARY

UX/UI Designer focused on designing digital products, internal business applications, dashboards, CRM systems, and responsive web experiences. Experienced in translating complex business workflows into clear user flows, information architectures, interaction patterns, and scalable interfaces. Works across design and development, collaborating with stakeholders and technical teams to take products from concept through implementation. Skilled in Figma, interaction design, prototyping, product design, web development, and AI-assisted development.

EXPERIENCE

Visual Designer | MCBEE Pvt. Ltd.

Sultanpur, Delhi | Jul 2025 – Present

Working within Studiobee across the MCBEE group

- Design digital products, internal business applications, dashboards, and web experiences across MCBEE, Studiobee, BEENEXT, and ISD, translating business requirements into user flows, information architectures, and interfaces.
- Designed and developed websites for Studiobee and BEENEXT, and contributed to the design implementation, functionality, and technical development of MCBEE's previous website in collaboration with the CEO.
- Designed and developed CRM systems for MCBEE, BEENEXT, and Studiobee to support internal workflows and business operations.
- Designed and developed my.Studiobee, an internal business management application, defining workflows and interfaces across client management, project management, quoting, billing, time tracking, equipment management, reporting, and profitability tracking.
- Created user flows, wireframes, prototypes, information architectures, dashboards, navigation, and interfaces for internal business applications and operational tools.
- Used AI-assisted tools for rapid prototyping, development, and workflow automation across internal digital products.

Graphic Designer Intern | CamCann Smart Systems

Vellore, Tamil Nadu | May 2019 – Nov 2019

- Designed logos, posters, banners, and other visual communication assets.
- Developed visual materials aligned with company branding and communication requirements.
